Arbaaz Sumar
Front End Developer

Meticulous front end developer with over 2 years of experience with a passion for React and a firm believer in the mobile-first approach. I am eager to continue my career by joining a hardworking and interactive team where I will continue expanding my front-end knowledge into perfecting performance and efficiency.

Experience

11/2020 to present

Front End Developer
Freelance, Remote

- Collaborated with stakeholders during development processes to confirm creative proposals and design best practices.
- Created a user experience that fetched, parsed, and formatted analytic data, and relayed it into React components.
- Built mock designs and wireframes for landing pages for 5 new product concepts.
- Developed user interfaces with modern JavaScript frameworks, HTML5, and CSS3, which improved user satisfaction by 40%.
- Designed and developed web applications using React.js to increase target audience engagement by 15%.

05/2020 to 10/2020

Junior Front End Developer
Real Biz Digital LTD, Nairobi

- Created a Mobile Responsive User Experience with CSS Flexbox that allowed cross-platform accessibility to the website on any device with primary use on mobile. This increased the number of 5-star User Experience/User Interface reviews by 360%
- Assisted the development team in maintaining 8 websites.
- Implemented front-end technical solutions to meet project requirements for creation of 5 new web pages.
- Ensured 6 unique projects complied with correct technology processes, industry best practices, and company standards.
- Conducted research and assisted with new business scoping efforts, resulting in the acquisition of 4 clients.
- Worked in an Agile, collaborative environment to receive design requirements, peer program, and test applications.
